

# Relaunch in May 2021 – Experience the new actuvview

**With the complete relaunch of actuvview in May 2021, our streaming platform will have many new features for you and all our partners.**

**Below you will find a list of all new and updated functionalities for our users:**

**Responsive design:** Use actuvview on your desktop PC, laptop, tablet or smartphone.

**Socialize:** Write messages, like or dislike videos, comment or become friends with other actuvview users.

**User-friendly dashboard:** The personal dashboard gives you an overview of the most important settings for your account and includes several interactive elements, such as the history of your recently viewed videos, the status of your CPD hours and the channels to which you subscribe.

**Search engine:** The search engine has been significantly improved so that particular searches include all content available on actuvview such as video titles, speaker names, etc.

**CPD tracking:** The CPD documentation feature has been completely revised and improved. As well as better and more reliable tracking, you can now see which videos you have started but not yet finished watching. When you restart the video, the orange bar in the video player shows you which parts still need to be finished to document your participation in the CPD.

## Relaunch in May 2021 - Experience the new actuvieiw

**CPD documentation:** You can download your CPD record as a PDF in your personal user area and submit it to your home association for documentation. The record shows all videos from one year which are eligible for CPD and of which you have watched more than 90 percent.

**Subscribe:** Subscribe to channels and playlists for content alerts.

**Content Alerts:** Automated content alerts remind you once your subscribed channel or playlist has published a new video.

**Events:** With the new events category, it is now possible to host full events on actuvieiw. These can include live broadcasts as well as recorded contributions: from one-day events to congresses lasting several days.

**Self-Administration:** Speakers can now administer their personal profiles on actuvieiw including name, company, contact details and other information.

**Reporting:** As a speaker on actuvieiw, you can now check the number of views of your videos in the last four weeks (*will follow shortly*).
