2021 VIRTUAL CONVENTION | 19-22 OCTOBER

Event highlights

European Actuarial Days 2021

The Actuarial Association of Europe (AAE) hosted the European Actuarial Days 2021 in June as an online-only event, providing European actuaries with CPD opportunities in this time of COVID-19 and massive travel restrictions. All sessions of the two-day scientific program, including four highly-ranked plenary sessions featuring renowned guest speakers and more than 20 additional presentations are available to actuvview users.

Topics range from the latest developments in traditional actuarial work areas, to new fields of activity such as emerging risks, data sciences, and wider fields.

The actvteam Championship 2021

From 6-10 September 2021, a group of actuvview's institutional partners will hold the first actvteam Championship – an insurance simulation game especially designed for actuaries and specialists in insurance and finance. Five teams, each with five members, from all over the world will compete against each other to win the game and the trophy to call themselves the 2021 actvteam Champion.

The challenge is based on the world's leading business simulation game for the industry developed by the Swiss Re Institute. Over the course of five days the teams will take on the challenging role of an executive board, managing a small to medium-sized P&C insurer under the existing Solvency II regime.

The participating associations are the IAA ASTIN Section, the German Association of Actuaries, the European Actuarial Academy, the French Institut des Actuaire, and the Swiss Association of Actuaries.

All CERA videos online

The four-day CERA Global Risk Conference by the CERA Global Association attracted more than 300 actuaries in June, and all sessions are now streaming on actuvview.

That represents more than 20 presentations and keynotes! The event was sponsored by Milliman and RGA. Check out the full program on the [event page](#).

General

Have you already reactivated your account?

A few weeks ago, the actuvview platform was fully relaunched to further improve your user experience. You may now find tons of new and upgraded features and services, including an enhanced search engine and detailed CPD documentation.

Your old actuvview user account is still valid, but for GDPR reasons you have to set a new password. Therefore, you should have received an automatically generated password to login and then set up a new personal password. If you have any troubles with entering or setting the new password, please clear your browser's cache. If you have issues with setting a new password or logging in after doing so, check that no saved passwords from the old system automatically appear in the login fields. If you are still experiencing problems, please try to re-set the password once more by using the 'password forgotten' function on the [login page](#). If that still doesn't work, or you cannot find the mailing with the new password, you can always contact us at contact@actuvview.com.
