

## Greetings

Here is your monthly update with all the news from the actuview world.

We have new videos for you from Austria, France, and Ireland, and from our Sponsoring partner RGA. We are also pleased to present our "Strong Institutional Partners" in a new series, starting with the Society of Actuaries in Ireland, which has supported actuview for a year with regular video content. Finally, we look ahead to the 2021 event schedule – stay tuned for many great online events.

## Strong Institutional Partners of actuview No. 1: Society of Actuaries in Ireland

The **Society of Actuaries in Ireland (SAI)** is the professional body representing the actuarial profession in Ireland. The Society is dedicated to serving the public by fostering the highest standards of professionalism and competence in actuarial practice. SAI's vision is that actuaries are trusted as experts in evaluating risk and financial uncertainty. SAI's mission is: to support actuaries throughout their career; develop, maintain, and enforce actuarial standards; and serve the public interest by promoting thought leadership and contributing as an independent voice on matters where an actuarial perspective can add value.

During the last 12 months SAI has published more than 30 videos ranging from classical life, non-life, and pensions topics as well as risk management, consulting, and professionalism. "The high level of support, agility, and responsiveness from the actuview team is top-class," said Sean Casey, SAI's President. "The actuview platform allows us to share and exchange rich media content, which helps our members and our international actuarial colleagues to learn and grow. We look forward to further developing our partnership as a content provider with actuview in the years ahead."

## Latest webcast from actuview partner RGA

RGA, one of the world's largest life and health reinsurers and actuview's platform sponsor, regularly publishes webcasts on current topics on actuview.

### Now online: "Entering the "New Normal": RGA Global Life and Health Underwriting Survey"

Presented by Dan Lyons, Vice President, Business Initiatives Leader & Nic Lempriere-Hoqq, Senior Vice President, Head of Global Underwriting

A "new normal" in life and health underwriting was already emerging before the pandemic. RGA's 2020 Global Underwriting Survey shows that leading global insurers were not just acknowledging, but embracing, innovation and transformation in technology, distribution, customer engagement, automated underwriting, fraud, and more.

## United As One: 24th International Congress on Insurance: Mathematics and Economics (IME)

Despite the difficulties we continue to experience with the ongoing COVID-19 pandemic, the global actuarial community will unite as one and celebrate our community's resilience this summer for the 24th International Congress on Insurance: Mathematics and Economics, the first IME Congress to be held virtually.

In the spirit of coming together as one, this event is jointly hosted by the University of Illinois Urbana-Champaign and the Pennsylvania State University in the United States; Ulm University in Germany; and the University of New South Wales (UNSW Sydney) in Australia. To ensure maximum accessibility for participants from all time zones around the globe, the conference will be five days, July 5-9, 2021 (UTC-05:00).

All researchers in related areas are invited to submit their latest work and exchange research ideas with peers from around the world. There will be five high caliber keynote speeches representing the full span of interdisciplinary research:

- Patrick Brockett (University of Texas at Austin)
- Michel Denuit (Université Catholique de Louvain) and
- Christian Robert (ENSAE Paris)
- Robert Jarrow (Cornell University)
- Olivia Mitchell (Wharton School, University of Pennsylvania)
- Ruodu Wang (University of Waterloo)

actuview is proud to be a partner to this unique event. Be sure to follow the **conference website** to stay up-to-date on the latest plans. We look forward to coming together globally this July – United as One.
