

Greetings,

We are very happy to announce that the Actuarial Association of Europe (AAE) has renewed their agreement with actuvview through 2024, allowing 27,000 actuaries in 35 countries to use the actuarial streaming platform without limits.

This newsletter edition brings fresh English video content from Germany, Italy and many more. So, dive in and collect your CPD hours!

Event Highlights

XIII Congresso Nazionale Attuari – International Program

From 10 to 12 November 2021, the two Italian actuarial associations Ordine Nazionale degli Attuari and Consiglio Nazionale degli Attuari held their 13th national extraordinary congress in Rome. The hybrid event took place with both in-person and online (virtual) connections for each session. Also, there was a special English program with the support of RGA, with three international sessions exclusively livestreamed on actuvview and now available on demand.

Latest webcast from actuvview Partner RGA

RGA, one of the world's largest life and health reinsurers and actuvview's platform sponsor, regularly publishes webcasts on current topics on actuvview.

Opioid Addiction and Its Impact on Actuarial Science

by Dr. James Kim, Medical Director at the Centers for Pain Management in Brampton, Ontario, and Gayle Kanchanapume, Executive Director, Global Claims, RGA

Amid the world focus on the COVID-19 pandemic, the opioid epidemic has continued to worsen. Join Dr. James Kim, Medical Director at the Centers for Pain Management in Brampton, Ontario, and Gayle Kanchanapume, Executive Director, RGA Global Claims, as they discuss the global opioid epidemic and its effects both on society and on insurance. Listen as they discuss some of the drivers causing this and share tips for insurance professionals considering these risks.

New webcast by GenRe

Gen Re is one of the world's leading Life/Health and Property/Casualty reinsurers. We are a member of the Berkshire Hathaway family of companies.

Electronic Health Records – Chances and Challenge

by Annika Schilling, Head of Underwriting Research, Gen Re, Life/Health Research & Development

Annika Schilling talks through the challenges and opportunities presented by electronic health records and provides insight into Gen Re's activities in this area.

New webcast by Milliman

Milliman is an independent consulting, benefits and technology firm. Our expert guidance and advanced analytical solutions empower leading insurers, healthcare companies and employers to protect the health and financial well-being of people everywhere.

Milliman UK | November Topical Issues

by Claire Booth & Amy Nicholson, Jen van der Ree & Sarah Walker, Stuart Reynolds & Ian Humphries

This November issue includes the topics climate risk, with-profits restructuring and an update on M&A Activity across the Globe.

News from actuvview

Partners

Three more years of actuvview access for European actuaries

A few weeks ago, the Actuarial Association of Europe has renewed their agreement with actuvview until 2024 to give 27,000+ actuaries all over the continent limitless access to the platform. With this cooperation, the AAE supports their 35 member associations to provide up-to-date video content for their individual members and support their CPD opportunities.

"The AAE is looking forward to the continued cooperation with actuvview", says AAE chairperson Mária Kamenárová. "The ongoing partnership strengthens two objectives of the AAE in particular: broad access to CPD opportunities for actuaries in Europe and high-profile international activities to further promote the profession." Michael Steinmetz, CEO of the German Association of Actuaries (DAV) and executive manager of the Actuarial Media Center (AMC) operating actuvview is happy to continue this special cooperation: "The AAE's long-term commitment is a great recognition of what we have achieved since the start in 2019 and will allow us to continue to expand our services to actuaries from all over the world in the coming years."

Events

Join us for the second annual RGA Knowledge Day on December 8, 2021

Leveraging RGA's global leadership in life and health reinsurance, this year's Knowledge Day event includes an exciting lineup of presentations focused on trends, risks and opportunities in life insurance, wellness and corporate responsibility.

Insights packed into eight webinars will uncover key emerging trends and their potential impact on insurers, consumer health and the broader market:

- Learn about screening, diagnostic and therapeutic capabilities – as well as advantages of medical directors and actuaries working together.
- Investigate how companies are promoting physical and mental wellness. Identify efforts to shorten the gap between "health life expectancy" and "life expectancy".
- Discover the risks and rewards of the gig economy, how digital sales models can use "predictive moments" to positively influence consumer decision making, and the importance of promoting your company's environmental, social, and government profile.

Stay tuned to actuvview for details on this upcoming event including RGA's presentations and speaker profiles.
